

The Garth School
 PE and Sport Premium Funding Strategy 2019-2020

The PE and Sport Premium is additional funding from the government to provide additional funding for primary school sport provision. The money is to be spent on improving and enhancing the quality and opportunity in sports provision for all children in our school.

Through the spending of this money it is the intention of The Garth School to:

- Raise the standard of PE provision in the school through the development of professional skills of staff
- Increase the range and provision of sports opportunities within school
- Increase the range and provision of competitive sports opportunities – where appropriate
- Ensure the acquisition of resources to effectively deliver the extended provision

Sports Premium Funding:

2018-2019	Number of pupils = 56	Funding: £16,210
2019-2020	Number of pupils = 57	Anticipated Funding: £16,210

2019-2020 Action Plan			
What?	Why?	How much?	Impact?
Provide enhanced trained adult support on the playground, during break times and lunchtimes.	Pupils will have access to high quality sports and physical activity opportunities during playtimes. Our pupils will be supported by experienced and highly skilled teaching assistants and teachers. Physical activity and supporting the	£6,605	

	development of our less ambulant pupils is a priority at The Garth and the playground and field offers rich and stimulating opportunities.		
Provide enhanced trained adult support within the class room setting. PE and other appropriate movement based learning experiences will form part of every pupil's timetable.	Maintaining core muscle strength (and in some cases, further developing muscle strength) is a priority for our less ambulant pupils and needs to be staffed effectively, with experienced and skilled members of staff trained in Moving and Handling. Our more able pupils will benefit from good quality Physical Education, delivered by experienced staff. These will focus on ball skills, simple team games and also provide pupils with an opportunity to encounter sports activities in a fun and engaging way.	£6,605	
The school's hydrotherapy pool will be maintained effectively and the pool's hoists will undergo regular checks.	Pupils benefit significantly from weekly access to the school's hydrotherapy pool to enable physiotherapy plans (for those pupils for whom it is appropriate) to be delivered in an alternative setting and for pupils to further develop their water confidence and water safety skills.	£3,000	
Total Spend:		£16210	

2018-2019 Impact Statement			
What?	Why?	How much?	Impact
<p>PE and other appropriate movement based learning experiences will form part of every pupil's timetable.</p>	<p>Maintaining core muscle strength (and in some cases, further developing muscle strength) is a priority for our less ambulant pupils and needs to be staffed effectively, with experienced and skilled members of staff trained in Moving and Handling.</p> <p>Our more able pupils will benefit from good quality Physical Education, delivered by experienced staff. These will focus on ball skills, simple team games and also provide pupils with an opportunity to encounter sports activities in an fun and engaging way.</p>	<p>£10,000 towards enhanced staff support during lessons.</p>	<p>Stimulating and enriching PE lessons and additional opportunities for pupils to develop their mobility have had a positive impact on pupils.</p> <p>Our less ambulant pupils have made significant progress with their mobility, with two pupils learning to walk unaided (TA and RK) and others becoming less dependent on equipment and adult support to negotiate the school environment.</p>
<p>Hoist maintenance and pool maintenance</p>	<p>Pupils benefit significantly from weekly access to the school's hydrotherapy pool to enable physiotherapy plans (for those pupils for whom it is appropriate) to be delivered in an alternative setting and for pupils to further develop their water confidence and water safety skills.</p>	<p>£3,000</p>	<p>Pupils have experienced engaging and stimulating sessions in the hydrotherapy pool, further developing their water confidence.</p> <p>For pupils for whom it is relevant, access to the hydrotherapy pool has supported the delivery of physiotherapy plans and core muscle strength, with some pupils developing core muscle strength and walking unaided.</p>

<p>Tiny Tykes Sports Session input from external professional 2 x 30 minute sessions per week.</p>	<p>Pupils will be provided with a new, innovative and engaging way of delivering PE sessions to severe and complex needs students. Tiny Tykes theme their sports sessions to topics and books being covered by classes within the school.</p>	<p>£1560</p>	<p>Pupils were fully engaged in stimulating sports based activities which linked in with additional areas of the thematic curriculum. Pupil motivation was high and these sessions provided pupils with enhanced opportunities to work in small groups, whilst enjoying simple team games and challenge based activities.</p>
<p>PE Resources</p>	<p>Pupils will have access to a variety of resources appropriate to individual need and ability to further develop mobility and physical education experiences.</p>	<p>£1650</p>	<p>Pupils have benefitted from PE resources being purchased to support the effective delivery of sports based sessions in school; yoga mats, tactile balls for our more complex learners and equipment required for sensory circuits and other similar activities.</p>
<p>Total Spend:</p>		<p>£16,210</p>
